Now Enrolling for 2021 Summer Camp

Space is limited.
Enroll now to ensure your child has a space reserved.

Sports n-o-ticers

**Elementary
1st-6th grade**

Summer Session I: May 24th - June 18th

Explore sports and how math and physics relate to so many of the activities we enjoy. Students will perform hands-on experiments, learn how force and speed impact outcomes, and analyze sports facts and data. Campers will have fun learning the rules and playing a variety of games, working as a team, and visiting with local individuals who have pursued careers in a sports related field.

Trains, planes, boats, and Automobiles...

*A Dr. Seuss
Expedition*

**Primary
Ages 3-6 yrs**

Oh, the places we will go! Come join this fun adventure of exploring transportation through the literature of Dr. Seuss. Whoville kids will explore math, create projects, arts and crafts, conduct science experiments, and solve challenges. They will enjoy acting out Dr. Seuss stories, playing games, engaging in literacy and music, enjoying cooking and discovering the joy of writing creative stories.

Things that go.... A Journey with Dr. Seuss

**Pre-Primary
Ages: 18mo-3 yrs**

Travel with us on a literary journey through Seussville and explore the adventures of Dr. Seuss. Children will participate in music, cooking, Seusstastic crafts, games, and science experiments. Jump in the hat and follow this cat through a fun exploration of transportation, animals, and adventure.

Summer Session II: June 28th - July 23rd

Creep into the wonders of entomology and learn about insects, entomological collecting techniques, insect curation, anatomy, life cycles, food chains, consumers & producers, and interesting facts about insects and other arthropods. Campers will engage in STEM activities and fun camp challenges, enjoy hands-on biome exploration, and learn how to use scientific tools.

Be a science detective and unravel the mysteries of insects and animals with the colorful stories of Eric Carle. Unearth nature, habitats, and the outdoors. Explore ecological systems and solutions to some environmental issues. Hands-on with insects, botany, water & soil. Science experiments, team building challenges, games, creative art, and more!

Join us in this fun, hands-on exploration of insects. Students will learn about the characteristics of insects, explore creepy crawlers and bugs that fly. Have fun participating in art, crafts, music & songs, stories, science experiments, and snacks pertaining to bugs. Enjoy investigating the amazing animals right in our own backyards!
