Summer Session I: May 28th - June 21st

Scrub In!

Elementary
1st-6th grade

Students will be immersed in medical experiences. Come join us to explore the systems of the body, enjoy guest speakers, demonstrations, and fun, interactive hands-on activities. Learn basic surgical skills including suturing and stitching, analyze x-rays, learn fundamentals of CPR, and enjoy science experiments and dissection. Take vitals and work on your bedside manner as you diagnose and treat a practice patient who will voice their symptoms and complaints. All instruction is geared to give a real-life and hands-on glimpse into the field of medicine. Explore if a career in medicine is right for you!

Prehistoric Paleontologists

Primary
Ages 3-6 yrs

Let's go on a journey with the animals and plants that ruled Earth 100 million years ago. Explore the way paleontologists work, and the methods and tools they use to understand ancient life. Learn about Earth's history, ancient plants and animals, and changes to the past climate and environments. This session will provide an intensive immersion into the field of paleontology with hands-on fun. Come get dirty as we dig into the past!

Dinosaur Detectives

Pre-Primary
Ages
18mo-3 yrs

Calling all Jurassic Kids...we invite you to travel in our time machine as we journey back thousands of years to investigate the life and times of Dinosaurs. Learn about fossils and how they are found and examine the various types of dinosaurs on land and sea. Children love to learn about these gigantic creatures from the past. Students will explore the dinosaur diet; learn about meat eaters and plant eaters and names of various dinosaurs. Join us for a fossil hunt, dinosaur dig, dinosaur art & rubbings, dinosaur games and more!

Summer Session II: July 1st - July 26th

Come explore the fascinating world of forensics. Learn to use anthropological, biological, chemical, and mechanical procedures to analyze a crime scene and determine the nature and cause of a crime. Topics include evidence collection (dusting for prints, shoe tread and type, document analysis, etc.), profiling, DNA analysis, firearms and ballistics, computer crimes, blood splatter analysis, decomposition, autopsy and finger printing. Have fun working on simulated crime scenes and piece together all the evidence to crack the case! Explore career opportunities in forensics and criminal justice. This camp is packed with guest speakers, STEM activities, and hands-on science fun. Join us as we search our campus for clues and solve crimes!

Fun with Forensics

Elementary
1st-6th grade

Radical Rainforest

Primary
Ages 3-6 yrs

Grab your binoculars and head out on a wild rainforest adventure! We will follow a path of fun through a vibrant rainforest adventure. Come learn about the rainforest habitat, the four layers of a rainforest, where they are located, the animals and plants in the rainforest and what we all need to do to help preserve these wonderful places. Have fun with crafts, science experiments, tropical snacks, the sounds of the forest, songs, stories, and more!

Travel through the rainforest, watch monkeys and parrots in trees overhead, glide down the river with pink dolphins, observe leaf-cutter ants on the forest floor, and note other creatures large and small. Students will participate in hands-on science experiments; explore animals of the rainforest through dramatic play, crafts, songs, and stories as we step into the jungle!
